

TAHIR MUHAMMAD NUR

Maiduguri, Borno State, Nigeria | 08067359225 | tahirmuhammadnur6@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented AI Training and Data Operations professional with experience in AI response evaluation, prompt engineering, data annotation, quality assurance, data collection, and AI-assisted development. Skilled in evaluating Large Language Model (LLM) outputs for accuracy, relevance, instruction-following, safety, and overall quality. Experienced with Gemini and Claude Code for AI-assisted code generation, understanding, modification, troubleshooting, and refinement. Built and deployed a multi-service business website using AI-assisted coding and prompt engineering. Strong attention to detail, adaptable to new AI technologies, and comfortable working independently in remote environments.

CORE SKILLS

AI & LLM: Prompt Engineering • LLM Evaluation • Generative AI • Human-in-the-Loop (HITL) • AI Data Annotation • Model Output Quality Analysis • Edge-Case Testing • AI Safety • Instruction Following

AI-Assisted Development: Claude Code • Gemini • AI-Assisted Code Generation • Code Understanding & Modification • Debugging & Troubleshooting • HTML/CSS • Automation Workflows

Data & Quality: Data Quality Assurance • Data Collection & Verification • Dataset Review • Quality Auditing • Data Entry • Internet & Web Research • Process Documentation

Professional: Attention to Detail • Problem Solving • Communication • Team Collaboration • Task Prioritization • Time Management • Adaptability

PROFESSIONAL EXPERIENCE

AI Trainer & Data Operations Associate

Remote / Contract | Jan 2024 – Present

- Evaluate AI-generated responses for accuracy, relevance, instruction-following, safety, and overall quality.
- Review LLM outputs across prompts and scenarios, identifying errors, inconsistencies, and edge cases.
- Create, test, and refine prompts to evaluate AI model performance and improve response quality.
- Perform data annotation, labeling, and quality-review tasks within human-in-the-loop workflows.
- Apply project guidelines consistently and provide clear, actionable feedback on recurring quality issues.
- Use AI-assisted tools and workflows to generate, understand, modify, and troubleshoot code for technical tasks.

Community Volunteer Teacher

Street Child | Maiduguri, Borno State | 2025 – Present

- Teach and support out-of-school children through structured learning activities.
- Prepare learning activities, monitor participation and progress, and maintain accurate records.
- Communicate with colleagues, parents, and community members to support student participation.

Enumerator

Freelance | Maiduguri, Borno State

- Collect survey and field data through structured interviews and questionnaires.
- Verify information for accuracy and completeness and maintain organized records.
- Follow data-collection guidelines and handle collected information responsibly.

SELECTED PROJECTS

AAN Services Website — AI-Assisted Web Development

Gemini • HTML/CSS • Textastic • Prompt Engineering • Netlify

- Designed and developed a multi-service business website using AI-assisted development workflows.
- Used Gemini and structured prompts to generate, refine, and troubleshoot website code.
- Generated and organized project files in Textastic, iteratively modifying and testing the implementation.
- Built service sections, FAQs, contact/inquiry functionality, WhatsApp contact options, and a solar power estimator.
- Deployed the completed website online through Netlify. Live: <https://aanservicescom.netlify.app>

AI Response Evaluation & Quality Review

- Evaluated LLM-generated responses against accuracy, relevance, instruction-following, and safety criteria.
- Identified reasoning errors, inconsistencies, and edge cases and provided structured feedback.

Prompt Engineering & LLM Testing

- Designed and refined prompts to test AI behavior across scenarios and compare generated responses.
- Tested edge cases to assess reliability and adherence to instructions.

EDUCATION

B.Sc. Computer Science — University of Maiduguri, Borno State, Nigeria | Expected Graduation: 2029

Senior Secondary School Certificate Examination (SSCE) — Ansar Uddeen College | 2019 – 2024

CERTIFICATIONS

- Claude Code in Action — Anthropic | 2026
- Claude Code 101 — Anthropic | 2026
- AI Fluency: Framework & Foundations — Anthropic | 2026
- Artificial Intelligence & Machine Learning Practical Mastery — DeepLearning.AI / Coursera | April 2026

TECHNICAL SKILLS

Claude Code • Gemini • Prompt Engineering • Large Language Models • Generative AI • AI-Assisted Code Generation • HTML/CSS • AI Data Annotation • Microsoft Word • Google Docs • Google Sheets • Web Research • Email & Online Communication

LANGUAGES

English • Hausa • Kanuri
